About Me

Hello! I'm Sanzida Ahmed

Web Designer

The following showcase highlights my work across various projects I have undertaken over the past few years.

These include crafting an intuitive and engaging user interface for a branding project for a newly established café, as well as designing and developing visually appealing front-end components for several personal projects, demonstrating my passion for creating seamless user experiences.

My Education

Daffodil International University

2020 - 2025

Viqarunnisa Noon
School And college

2006 - 2017

My Work

Experiences

Freelancer

2018 - 2020

Google
Adsense

Dexters byte

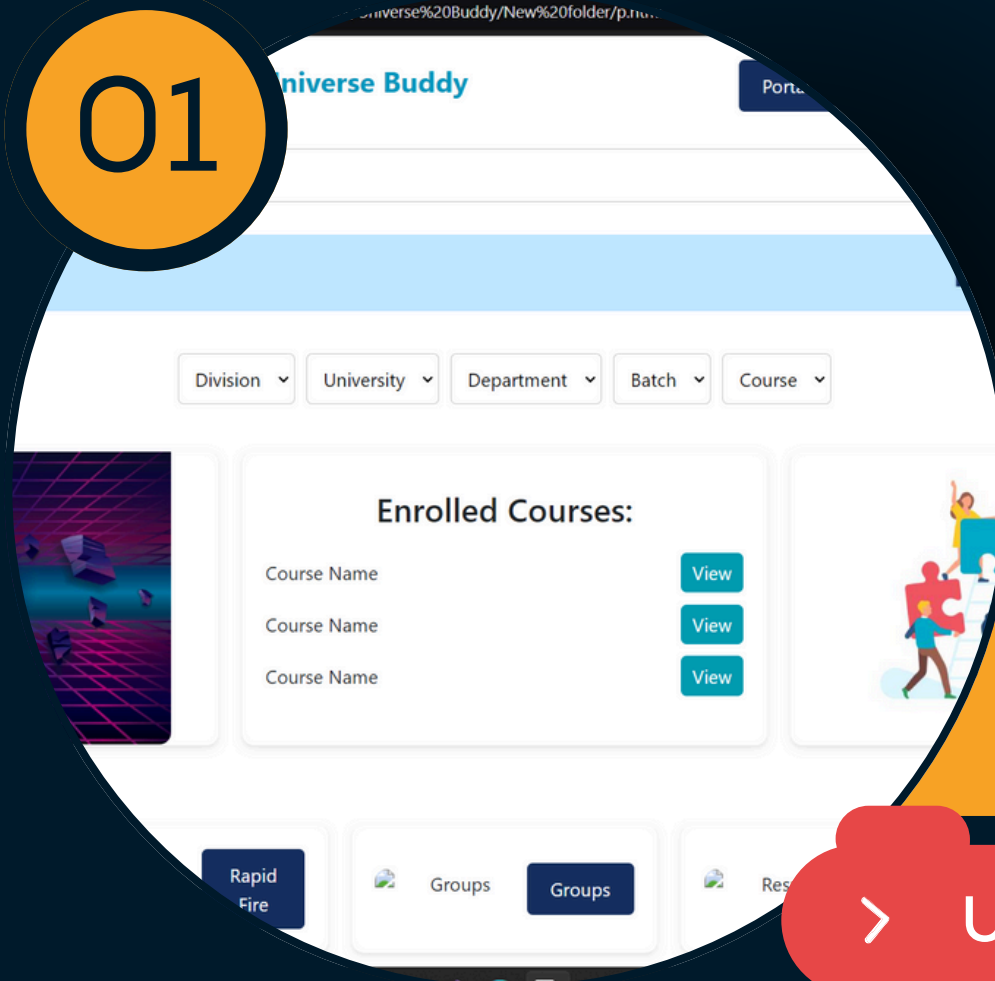

2024 - present

Front-end
Developer

My Projects

01

Study Based
Website
Development

> University Project

Uni-verse Buddy is a platform that enhances academic engagement by connecting students for collaborative learning. With study groups, progress tracking, personalized feedback, and gamified activities, it makes education more interactive, enjoyable, and supportive.
